

Boeing Travel Research Grant (awarded every 2 years; in odd years)

Awarded to a junior researcher (faculty with less than 5 years out of terminal degree) for the creative development of a research project, technique, or methodology.

Requirements: The abstract/proposal should be 1,000-1,500 words and show how the abstract/proposal links to a current issue in the field. Please also include an up-to-date CV with your abstract/proposal to verify years since graduation. The recipient must be an individual responsible for creating this research agenda.

Criteria: The awards committee will review entries and judge them based on their ability to improve measurement, decrease costs and improve information for better application and understanding by management. The project must show significant benefits to the travel & tourism industry.

Award: The winning researcher will receive \$4,000. This award includes airfare, hotel accommodations, and complimentary registration to the International conference. **Round-trip travel to the conference and lodging arrangements will be made and paid for by TTRA.*
